

PRANAV KRISHNA Y

Chennai, India | pky20052023@gmail.com | +91 7305711669 | LinkedIn | GitHub

EDUCATION

SRM Institute of Science and Technology
B.Tech, Computer Science and Engineering | CGPA: 8.23/10

Chennai, India
Aug 2023 – May 2027

EXPERIENCE

Autointelli Systems Pvt. Ltd

Chennai, India (Virtual)

Cybersecurity Intern

Jun 2026 – Present

- Deployed and configured GLPI on a Linux server as part of a team ITSM implementation project, handling system setup and environment preparation.
- Designed incident management workflows including ticket category structure, user role hierarchy, and automated ticket lifecycle (creation, triage, resolution) for a simulated enterprise environment.
- Architected REST API integration plan to enable cross-team automated ticket creation from monitoring threshold alerts, bridging ITSM and IT Asset Management layers.

Securden Technologies Pvt. Ltd

Chennai, India

Software Development Intern

Jul 2025

- Developed backend modules using Python and Django (models, views, forms) within an enterprise Privileged Access Management (PAM) product codebase.
- Understood PAM and EPM security architectures by working directly within a production cybersecurity product environment.
- Recognized for quick adaptability in a fast-paced professional development environment.

PUBLICATION

Analyzing Psychological Factors Influencing Placebo Response Using Machine Learning

6th IEEE International Conference on Intelligent Technologies (CONIT 2026) | KLE Institute of Technology, Hubballi *Jun 2026*

PROJECTS

Placebo Response Prediction | Python, Scikit-learn, Pandas, NumPy, Matplotlib

Dec 2025 – Apr 2026

- Engineered a 19-feature dataset across psychological, personality, and clinical domains (~13,750 samples); preprocessed using SMOTE and stratified 5-fold cross-validation to handle class imbalance.
- Trained and tuned three classification models (Logistic Regression, Random Forest, and SVM); Random Forest achieved the best performance with 82% accuracy and a ROC-AUC of 0.91, demonstrating complex non-linear relationships among psychological predictors.
- Performed feature importance analysis identifying Optimism and Emotional Resilience as top predictors of placebo responsiveness; findings align with clinical psychology literature on treatment expectancy and adaptive coping.
- Research presented at IEEE CONIT 2026 and accepted for publication — contributed to interdisciplinary ML applications in clinical trial design and personalized therapeutic intervention.

E-Commerce Platform – Malar Manickam Baskets | HTML, CSS, JavaScript, Razorpay API

Jun 2026 – Present

- Building a full-stack e-commerce website for a real small business client – integrated product catalogue, Razorpay payment gateway, Google OAuth login, admin order management panel, and contact-to-email inquiry system.
- Handling complete client requirement gathering, UI design, backend integration, and deployment end-to-end.

CERTIFICATIONS

Red Hat Certified System Administrator (RHCSA) – Red Hat

Mar 2026 – Mar 2029

Networking Basics – Cisco Networking Academy

Nov 2025

Introduction to Machine Learning – NPTEL

Sep 2025

EXTRACURRICULARS

Event Management Lead, SRMIST ACM Student Chapter

Jan 2025 – Feb 2026

Student Member, IEEE SRMIST Student Branch

Jan 2024 – Nov 2025

Corporate Domain Member, GitHub Community SRMIST

Nov 2023 – Jul 2025

Teaching Volunteer, Annai Fathima Child Welfare Centre – recognized by Member of Rajya Sabha

May 2025

TECHNICAL SKILLS

Languages: Python, C, C++, Java, JavaScript

Frameworks & Tools: Django, HTML, CSS, PHP, MySQL, Git, Razorpay API

Systems & Infra: Linux (RHEL), Shell Scripting, GLPI, PAM/EPM

Cloud & DevOps: Docker, Kubernetes, Terraform, AWS (EC2, S3, CloudWatch, IAM, EBS)

ML / Data: Scikit-learn, Pandas, NumPy, Matplotlib

Languages Spoken: English, Tamil, Hindi, Malayalam
